

FOR IMMEDIATE RELEASE

The Junior Service League of Beaufort, through its Ways and Means Committee, is accepting requests for volunteer placement from non-profit organizations, community agencies and service providers for the year beginning September 1, 2010.

The JSLB is an organization of women committed to promoting volunteerism. Membership in the JSLB offers an opportunity to build meaningful relationships with others who share a desire to give back to our community. Through the talents of our diverse membership we will support and enrich the lives of women, children and families in our community. Together we have a greater impact than we do individually.

The Junior Service League seeks to impact the community by providing volunteer support to those projects which address the demonstrated community need we have chosen as our league theme: *Focused on Families*.

In order to serve our community in the best possible way, JSLB is announcing a new process for accepting requests for assistance. Unlike previous years, we will not be taking requests to provide assistance with the organization and implementation of fundraising events; instead, we are taking requests to provide assistance with the organization and implementation of community service projects. Ultimately, the goal is to match our volunteers with unique, fulfilling volunteer opportunities that allow a **measurable** impact on the families of Beaufort County.

The Project Request Form will be the document used for any request for assistance and will be available on January 15, 2010. All project requests for 2010-2011 must be received on or before **March 1, 2010**. Early submission of request forms will allow thorough investigation and consideration of the proposed project. Inquiries and requests should be directed to:
